

# MORNING APPEAL.

Saturday.....September 11 1886.

## THE ELKO CONVENTION.

The APPEAL'S dispatches from Elko convey the intelligence that Adams is the Democratic choice for Governor and Mc Millan for Congress. It is evident, from the events of the past few days, that while Adams is the choice of the manipulators he is not the choice of the better elements of the party. It is a noticeable fact that the best and most influential men of his own party regard his nomination in the light of a party calamity. He represents only the juggling element of the party, and the men he herds at the primaries. The only solid ground on which he stands at present is in Storey, where he will receive the support of the labor organizations for his services at the last session of the Legislature, in vetoing the Military Bill. For his nomination at the present time the Republican party has cause to congratulate itself. Every element of party discord clusters about Adams, and has for two years past. He is looked upon as manipulating the party solely for himself, with a total disregard for the wishes of the people and the progress of the State.

## AN EXCELLENT PLAN.

The Elko Independent says: Both the Republicans and Democrats of California in their late Conventions adopted the plan of nominating the judges as soon as the Conventions were organized, in order that the Judiciary might be removed as far as possible from the political influences or entanglements. This was a very wise course of procedure and is worthy of emulation by all similar bodies. It is to be hoped that the committee on Order of Business selected by the Democrats in convention assembled here on Thursday, will place the nomination of Supreme and District Judges at the head of the list, and that they may be nominated before any business is transacted, of a political nature. This is a good suggestion, and the Republican Convention should nominate judges in the same way.

## Artesian Wells.

In 1881, parties boring for coal in Denyer, struck a stream of water at a depth of 300 feet, which spouted 40 feet in the air, completely drenching the men and compelling a suspension of work. At first it was thought to be but temporary; but as it continued day after day without any perceptible decrease of force or volume, and as the theory of its projection from true artesian sources, so to speak, became more and more apparent, Mr. Zang, owner of a large brewery near by, concluded to test the matter for himself. In due time, apparently, the same deposit was encountered at a depth of 300 feet, and then followed a succession of like enterprises, all of which were successful. Many wells are now in operation, varying in depth from 250 to something over 700 feet, the deepest being that sunk by the county of Arapahoe, near its splendid Court House, which is 910 feet deep, the whole producing about 3,000,000 gallons per day of 24 hours. The water is very pure and fine.

The city of Carson could get a never-failing water supply by sinking deep artesian wells. There are several shallow wells here, varying from 70 to 125 feet, and all flow fairly. All the strata of water increase in flow and force with depth, and at 700 feet the city could have a never-failing supply of water. There are towns in Nebraska of 5,000 inhabitants supplied from a single well with a six-inch casing.

## Bad for Taylor.

Bad news was brought from Taylor. On the 1st instant the Argus Mill and Mining Company stopped all work and discharged their employees—about 100. The cause assigned is the low price of silver. We understand that a belief is prevalent among the discharged miners that the company will propose a resumption of operations shortly in case a reduction in wages of 50 cents per day, or to \$3 is acceded to—Eureka Sentinel.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. Royal Baking Powder Co., 106 Wall St., N. Y.

## REPUBLICAN PRIMARIES.

AT A MEETING OF THE Ormsby County Central Committee, held Saturday, August 28, the following resolution was adopted:

Resolved, That Republican Primaries be held SEPTEMBER 11th for the purpose of electing eleven delegates—eight from Carson precinct, and three from Empire precinct—to the Republican State Convention to be held at Carson City, Nevada, September 21st, 1886.

And also to elect 11 delegates—11 from Carson and 10 from Empire precinct—to the Ormsby County Republican Convention to be held at Carson City, Nevada, Tuesday, September 28th for the purpose of nominating a Republican County ticket.

Polling places will be at Curry Engine House in Carson and at old Post Office in Empire. Polls to be open from 8 A. M. to 6 P. M.

The following persons were selected to act as Inspectors of election: In Carson precinct, G. C. Thaxter, C. N. Noteware and L. L. Elrod. In Empire precinct, A. Cutts, E. C. Jones and A. Morris.

The following test will be required of each and every voter at the said Primary Elections, viz: That he is a citizen of this State, and will support the nominees of the Republican party at the coming election.

G. W. RICHARD, Chairman. HENRY YEINGTON, Secretary.
